RESCINDED: BOIL WATER NOTICE

August 7, 2026

On August 6th, the Texas Commission on Environmental Quality required the Borden County Water System, to issue a Boil Water Notice to inform customers, individuals, or employees that due to conditions which occurred recently in the public water system, the water from this public water system was required to be boiled prior to use for drinking water or human consumption purposes.

The public water system has taken the necessary corrective actions to restore the quality of the water distributed by this public water system used for drinking water or human consumption purposes with a negative test of the water. TCEQ will be provided the testing results that indicate that the water no longer requires boiling prior to use as of August 7, 2026

If you have questions concerning this matter, you may contact Cathy Palmer at 806-756-4391.

So that the tanks can adequately fill, we ask that you continue to refrain from water lawns.
Thank you for your cooperation

Cathy Palmer
