

LEAD & COPPER RULE MONITORING AND REPORTING VIOLATION  
MANDATORY LANGUAGE - TIER III

**IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER**

BORDEN COUNTY WATER SYSTEM has violated the monitoring and reporting requirements set by Texas Commission on Environmental Quality (TCEQ) in Chapter 30, Section 290, Subchapter F. Even though these were not emergencies, as our customers, you have the right to know what happened and what we are doing (or did) to correct these situations.

*We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During June 30, 2021 – December 31, 2021 we did not monitor or test for Water Quality Parameters and therefore cannot be sure of the quality of your drinking water during that time.*

The table below lists the contaminant(s) we did not properly test for during the last year, how often we are supposed to sample for Water Quality Parameters, how many samples we are supposed to take, how many samples we took, when samples should have been taken, and the date on which the follow-up samples will be taken.

Contaminant	Required Sampling Frequency	# Samples Taken	When samples should have been taken	When samples will be taken
<i>Water Quality Parameters – Distribution System</i>	2	1	<i>July – December 2021</i>	<i>July – December 2022</i>
<i>Water Quality Parameters – Entry Point to the Distribution System</i>	2	1	<i>July – December 2021</i>	<i>July – December 2022</i>

**What is being done?**

Corrective actions:

Samples will be taken between July 1, 2022 and December 31, 2022.

We are working to correct the problem. For more information, please contact Ross D. Sharp at (806) 756-4391 or P.O. Box 156, Gail, Texas 79738.

*Please share this information with all other people who drink this water, especially those who may not have received this notice directly (i.e., people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.*

This notice is being sent to you by the Borden County Water System.  
Public Water System Number: TX 0170010  
Date Distributed: March 15, 2022
